WORK EXPERIENCE

TECHNICAL SKILLS

PROJECTS

2018 SERVICE

Created and tested a framework for multi-organisational project management based on the **Hyperledger Fabric blockchain** platform. The system utilises **MongoDB** databases and **LDAP** as well as a **RESTful HTTP server** and was written in **JavaScript** using **NodeJS**. The entire system is distributed and operated through **Docker containers**.

2018 NOBAES

Co-created a fictional online auctioning service. The front-end was created using SASS, bootstrap and JavaScript. I wrote the back-end in php in the MVC style using a mySQL database. Everything was hosted on Microsoft Azure.

2017 UCL TV KIOSK

Co-created a single-page TV Kiosk website for UCL using **Ruby on Rails**, **NodeJS**, and a **PostgreSQL** database. It contains several custom widgets that interact with external APIs as well as a powerful CMS for content management.

2017 JAVA CINEMA

Wrote a desktop application in **Java** for the business and customer side of respectively managing and visiting a cinema using a **mySQL** database. The GUI was created using **JavaFX**.

VOLUNTEERING

Love Foundation Global | Maastricht, The Netherlands

- Assisted in the establishment and promotion of a student-led charity for poverty alleviation with over 100 active members in 7 cities to date
- Planned, promoted and executed activities ranging from social networking events to a charitable football tournament for the general student body

09.13 - 06.14 CHAIR OF THE SOCIAL ACTIVITIES COMMITTEE

 $\textbf{SCOPE Maastricht} \mid \textbf{Maastricht}, \textbf{The Netherlands}$

- Oversaw the preparation and execution of student events with up to 1,400 participants
- Coordinated and facilitated regular meetings for the committee

10.11 – 02.12 **ENGLISH TEACHER**

Colegio del Erpíritu Santo | Rio Ceballos, Argentina

- Taught English as a second language to 2 classes of 25 students aged 14 to 18
- Participated in local social projects
